Class Schedule:

Tuesdays	5:00pm - 10:00pm
Thursdays	5:00pm - 10:00pm
Saturdays	8:00am - 3:00pm

Clinical Schedule:

Due to the competitive nature of clinical placement and to ensure appropriate and adequate clinical experiences, clinical sessions may be held on weekdays, weekends, and evenings. Clinical assignments are based on clinical agency availability as determined by the agency. Clinical sessions are held in Virginia, Maryland, and Washington D.C. Students must be flexible regarding clinical schedule.

Recommended Study Time: A basic rule for any degree is that you want to spend the same number of hours studying per week as you are in class. Since you will be taking 16 hours of classes each week, you should be studying 16 hours per week at a minimum. Depending on the difficulty level of the course you are taking you, may need to study more than 16 hours weekly.

Recommended Hours of Work: The LPN to RN Program is rigorous. It demands time and flexibility. The number of hours a student can work is dependent on the individual. We strongly recommended that students work no more than 32 hours a week.
