REPEAT COURSE TUITION WAIVER POLICY

With an understanding of the hardships the pandemic has created systematically towards student learning, Standard College seeks a comprehensive approach in supporting students in their efforts to succeed in the nursing education programs. Effective April 1, 2022, Standard College will grant free tuition on a one-time basis for a course the student failed for the first time in the Practical Nursing Program and the LPN to RN Transition Program. This means, students who fail a course for the first time and wish to retake the course within six months will not be required to pay a Repeat Course Fee. The student will be required to follow all other steps mandated by the Registrar Office to re-enroll in the Program.

This Policy does not apply to students who were suspended, withdrawn, or were away from the nursing program for more than six months. This Policy does not apply to students who fail a course for the second time. In the event a student fails a course for the second time, in order to return to the Program, the student will be required to pay the Repeat Course Fee. This Policy does not apply to students who have received a grant of free tuition on the basis of this Policy previously.

This Policy applies to courses that started on or after April 1, 2022.

Date: April 5, 2022
