To remain consistent with our policy and in accordance with federal law, Standard College publishes this report twice a year, listing any student organization that is affiliated with the institution found responsible for hazing. It will be published on January 1 and July 1 of each year.

The report will include the following information:

- The name of the student organization or living group;
- The date the investigation was initiated;
- The date on which the investigation ended with a finding that a violation occurred;
- A description of the incident or incidents, including the date of the initial violation, and the violations, findings, and sanctions placed on the student organization or living group;
- The details of the sanction or sanctions imposed, including the beginning and end dates of the sanction or sanctions; and
- The date the student organization or living group was charged with a violation.

The Report will not include any personally identifiable information.

The information for the Transparency Report will be maintained for a period of five calendar years from the date of publication of the most recent update.
