PHYSICAL LOCATION POLICY

Standard College is authorized to deliver distance education in the Commonwealth of Virginia.

The school determines a student's physical location during the admission process. The student must provide a U.S. government-issued photo identification to establish the physical location.

The student must notify the school of a change to their physical location. The school will verify the new location based on a U.S. government-issued identification, a signed student attestation, or other documentation of the new location.

Student relocation to a state in which the institution does not have approval to operate may adversely impact the student's ability to complete the program. A student's physical location, and any change to that location, may also affect eligibility for employment in the field, including state-specific licensure or credentialing requirements.
